## National Tea Store Burglarized Tuesday, Cigarettes, Hams Taken

The National Tea Co., store on Main street was burglarized Tuesday night to the extent of about \$1000, 90 cartons of cigarettes and an undetermined number of canned hams.

The burglars pried open a door or window of the refrigerator machine room in the rear, and tore the wire cage in getting to the stock room. They then left through the rear door.

Discovery of the theft was made at 3 a. m. Wednesday when the night delivery truck arrived with supplies for the grocery.

The sheriff's office was notified and several articles were taken from which it is hoped that finger prints of the burglars can be obtained.

The grocery evidently was well cased for the job. The burglars selected a night when there would be no night force and the workers would be away by midnight.

The particular likes of the thieves too was noted since only Luckies, Chesterfield and Camel cigarettes were taken and the other brands were not disturbed.

H. W. Lang said that he had been unable to tell just what all was taken and the amounts but so far canned meat and cigarettes are missing, he said Wednesday. He reported that \$1000 in cash was also missing, to the sheriff's office on Thursday.

While a bar had been used both in springing the bars across the window and in prying up the door, it is believed that the entrance was gained through the door.

## Elected Members of Village Board Sworn In at Special Session

Newly elected members of the village board attending a special meeting last evening were sworn into office. They included President George B. Bartlett, Clerk L. D. Powles and Trustees Arthur Rosenfeldt, Edgar Simonsen, Arthur Hawkins and C. A. Wolfenbarger. Mrs. Martha Hunter, treasurer, and E. Elmer Brook, police magistrate, will be sworn in later.

Attorney Ed C. Jacobs was mentioned as a possible appointee as village attorney if he can qualify. It was not known for sure whether he could serve as justice of the peace and village attorney too.

While the work of Atty. George McGaughey, Gurnee, has been satisfactory, it is the desire of most members of the board to have someone present at each meeting and a local attorney at hand when needed.

## Mother-Daughter Dinner At Antioch Township High School Saturday

Sponsored by the Girls Athletic Association there will be a mother-daughter banquet at 7 p. m. Saturday at the Antioch Township High School.

All of the girls of the high school will be privileged to bring their mothers to the school as their guests. A short program is planned. Miss Narcissus Donovan, member of the faculty, is supervising the event.

## Additional Police and Purchase of Patrol Car Again Before Trustees

The robbery at the National Tea Co., store again brought up the proposal of an additional patrolman and a patrol car at the meeting of the village board last evening.

While there is now enough money for a car and a patrolman, it was agreed by most members of the board that to be effective two men are needed in a patrol car. No action has been taken.

The money for the car is available through parking meter income. The board has agreed to extend the parking meter zone farther south on Main street the distance where the street has been widened.

A proposal by President George B. Bartlett that the village license fee for trucks be increased brought protests.

## Senior Class Play "Tish" Shaping Through Nightly Rehearsals for May 5-6

With rehearsals nightly for all three acts which have now been memorized, the Senior class play "Tish" is in the last stages of preparation for presentation May 5 and 6.

The setting is up and props and equipment are being assembled according to Miss Naomi Meiners, director.

"The cast and crew have worked hard every weekend since spring vacation in getting ready for this production," said the director.

The comedy centers around Tish, a middle-aged spinster whose blunt remarks made her a famous character in many of Mary Roberts Rinehart's writings. Tish was made the vocal point of a play thereafter and the play became a big hit on Broadway.

Verna Kufalk takes the lead part.

## Mrs. Elizabeth Griffith, 91, Mother of Mrs. Dan Boyer, Dies in Chicago

Funeral services were held Monday at the Lane and Son funeral home in Chicago for Mrs. Elizabeth Griffith, aged 91, mother of Mrs. Dan Boyer of Cedar Crest Acres, Lake Villa.

Mrs. Griffith died Thursday at the home of her niece, Mabel E. Graham, Frontier Ave., Chicago. She had been a summer resident of Buena Park, Lake Villa for 60 years.

The widow of the late Robert Griffith one time alderman of the famous 25th ward in Chicago, Mrs. Griffith was one of the few persons left who lived in Chicago at the time of the disastrous fire.

Surviving are two daughters, Mrs. Boyer and Mrs. Mabel Holst, of Chicago, and two sons, Robert R. Griffith of La Grange, Ill., and Chester Arthur Griffith of Chicago. She was a member of the Lakeview chapter of Order of Eastern Star.

Burial was in Rosehill cemetery.

## Fire Department Gets Three Calls But Blazes Are all of Small Damage

The fire department was called Wednesday evening to the Ralph Miller farm on the Huntley lake rd., where fire started in a brooder house containing 200 young chickens.

The fire started under the floor in oil that leaked from a stove. The Millers had the blaze under control before the department arrived and the poultry was unharmed.

Damage of \$400 was done to the Homer Winch residence at Channel lake at 5:15 p. m. Monday, Mrs. Winch placed an ironing board she had been using against the wall while she went to a neighbor's house to use a telephone. When she returned the wall around the board was afire. The blaze crawled to the attic. The local department extinguished it.

Earlier in the day the department was called to the Mike McKinney home in the Runyard subdivision where a stove became overheated. There was no damage.

Didn't Sign Bill After All  
Gov. Adlai E. Stevenson set the example for Be Kind to Animals Week, May 1 to 7 when, this week he refused to sign a bill making it an offense for letting cats run at large. This was contrary to a report sent out last week from Champaign that he would sign the bill.

Gov. Stevenson said the law could not be enforced.

## Eight Acts Featured In "Lake Villa Follies" Tomorrow and Saturday

The Lake Villa Community Men's Club announced today the eight acts which will be featured at its show, "The New, The Different, the 1949 Springtime Follies" to be held on Friday and Saturday nights, April 29 and 30, in the Lake Villa Grade School, Milwaukee and Grand Ave.

William Walker, president of the club, in announcing the acts on the two-hour program said:

"This is an all-professional show, and we are indeed fortunate to get such top-grade talent for the program."

"We can offer the community the finest show we have ever put on, the Lake Villa citizens and their friends in neighboring towns are guaranteed two evenings of the best in entertainment."

Adam Dick, chairman of the show committee for the men's club listed the acts:

Seventeen-year-old Paula Fields, of Chicago, will do several dances, including a gypsy number and other specialties.

The vaudeville team of Chase and Park, who have recently proved popular on television, will do a comedy skit using the trampoline, springy man. The pair have been featured in appearances all over the country for a number of years, and recently made their third appearance on television, via WENR-TV.

A red-haired beauty from Minneapolis, Kathryn Leigh, 22-year-old soprano, will sing several semi-classical and popular songs.

One of the show's features will be Roy Newman and Lucky, his talented dog, billed as "the world's smartest canine." Lucky was featured recently in several pictures in Life Magazine.

His part of the show will be climaxed when he balances a glass of water on his nose and walks and crawls around the stage with it in perfect equilibrium.

## Antioch-Ela to Meet In Opening Baseball Game Here Tuesday

The crack of the bat and the thud of the ball and glove are heard at the Antioch Township High school baseball diamond as the Sequoias prepared for their season which will start next Tuesday with Ela Township High as opponents.

This will be a pre-conference standing game as will be the game here with Wauconda the following Friday.

Coach Krizan is depending on Scott, Cardiff and Haling as his pitchers and expects to use all three during the week. Al Appenatis will do the catching.

The infield will consist of Zorek first base; Reidel, second base; Buzz Haviland, a shortstop; Stirms third base; Conrad will play at center and Krizan will select from Pregener, Vos and Cardiff the other outfielders.

The track team came out second in the meet with Warren and Grant Townships last Thursday. The score was Warren 57; Antioch 47; and Grant 30.

Warren clinched the meet with grand slams in the 220-yard and 100-yard dashes.

## District Scout Meeting Wed. Is Well Attended

Forty out-of-town scouts were present to receive 1st and 2nd class tests at a district meeting held Wednesday evening at the Anderson Scout home.

Three local scouts received 1st class ratings and two were awarded 2nd class badges. Many merit badges were also awarded.

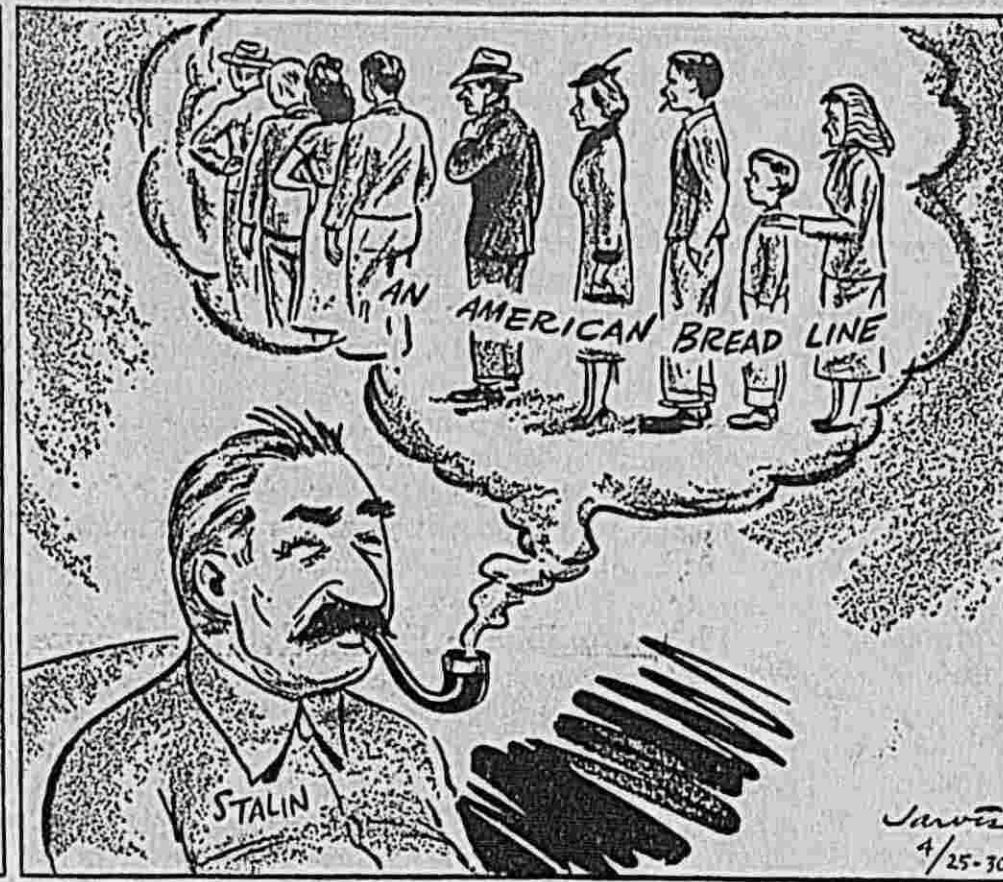

Ed Schnickel, new north shore area executive, who replaced L. Boardman was present at the meeting, as were Medill Radlaf, Libertyville, scout commissioner for the north west district, Les Bergman, handicraft representative of the north west district and Nick Block, assistant scout commissioner of the north west district.

Plans for the scout fair to be held May 14 at the Antioch Township high school were discussed.

## Seek Engineers

The Veterans Administration hospital at Downey has two vacancies for steam-electric engineers at a salary of \$3,024.96 a year.

## Pipe Dream on May Day

## Gresengine Plant Equipped, Orders Now Being Taken

Antioch's newest industry, Gresengine Corporation, is now in operation in the ground floor of the Rosing building and the management started taking orders last week.

A number of new machines have been installed and tests are being made on the first products.

Ed Gresens and William Dusek, who head the company, say that orders are already coming in for their product, a portable motor, and one dealer who will operate in the south expects a good winter business there.

The gas engine is unique in that inexpensive bases can be obtained for its use on any article wherein power is needed, and the engine itself can be changed in a matter of seconds from one article to another.

The engine is on display in the window of the Antioch garage where it is attached to a lawn mower. From that use it could be quickly changed to use on a row boat, a bicycle, a water pump, or a score of other power-driven vehicles.

"We have not built this engine around a price, but around quality," said Gresens.

He said that within the next three months the Antioch plant will be capable of turning out 100 units a day.

The company will have a display at the Chain O' Lakes Region Sport and Home show.

## Antioch Gun Club Will Stage Shoot Sunday Afternoon

The Antioch Gun Club has arranged a shoot for Sunday, April 30. Prizes will be awarded to each man on the high scoring squad, shooting at 25 targets per squad.

Prizes for this event will be a gun case or the price of the gun case in cash. Shooters in the squads will be Antioch Gun club members rated according to their scores for the past month.

Club members on each squad picked will be notified. This event will take place at 4 p. m. and will only occupy a small part of the afternoon and will not keep club members or guests from shooting in squads made up at the firing range.

## Local Supervisors Help Elect Staben Chairman

William Rosing, Antioch township supervisor, and Art Bennett, Lake Villa township's supervisor voted with the majority Tuesday in electing Carl A. Staben, Waukegan, as county board chairman 23 to 13.

The Rosing forces defeated Harris B. Muir, Shields assistant supervisor, who was the candidate of Emmett Moroney, Deerfield township, and Daniel A. Hentges, Shields township.

This is Staben's second term.

## County Health Dept. Meeting

There will be an informative meeting regarding the possibility of having a Lake County Health Department on May 6th at 8 p. m. at the Central School in Libertyville. Dr. Edward A. Piszczey, Director of the Cook County Health Department, will speak.

## Frank B. Kennedy, Former Resident, Dies in Waukegan

Frank B. Kennedy, 69, of 928 Grove Ave., Waukegan, died suddenly of a heart attack at 5 p. m. Thursday, April 21, at his home.

Born October 5, 1879 in Antioch, Mr. Kennedy made his home in Antioch township until retiring farming, about 12 years ago, when he and his family moved to Waukegan.

Survivors include his wife Maude, three sons, Roy of White Plains, New York, Richard of Brookfield and Harold of Chicago; two sisters, Mrs. Eva Martin, Millburn; and Mrs. Florence Linn, of Los Angeles, California, and three grandchildren. Funeral services were held Saturday from the Strang funeral home. The Rev. L. H. Messersmith officiated. Interment was in Hickory cemetery.

## Curfew Law Considered By Village Board for Early Enactment Here

Antioch may soon have a curfew law.

Members of the village board of trustees meeting last evening in special session agreed that the village needs a curfew law.

As a result an ordinance may be prepared in a meeting soon setting 10:30 p. m. as the time when children 16 years and under must be at home or in the company of their parents.

The law will not apply to those attending regular meetings, but is meant for those prowling the streets at a late hour and getting into mischief.

Many other villages in the county have the law. The Round Lake area was the most recent group of villages to adopt it.

## Mrs. Mary Hill Dies At O. E. S. Home

Mrs. Mary Hill, 76, died Wednesday a. m. at the Eastern Star home at Dousman, Wis., following a lingering illness.

Mrs. Hill, the former Mary Dixon, was born in December 1872 at Brighton, Wis. She spent her childhood in Union Grove. Following her marriage to Lou Hill in 1894, she resided on a farm near Bristol. Her husband passed away in Mar. 1934.

Survivors are one daughter, Mrs. Eurnice Bennett, of Rosecrans, two granddaughters, Mrs. Margaret Bishop, of Youngstown, Ohio, and Mrs. Albertine Wright, of Zion, a grandson, David Bennett, Jr., of Waukegan, a sister, Mrs. David Jackson, Bristol, a brother Ed Dixon, of Racine, and four great grandchildren. Funeral services will be held Friday morning from the Hansen Funeral Home, Kenosha at 11 o'clock C. S. T. Interment will be in South Bristol cemetery.

## Rainbow Girls Meet

Girls of the Order of the Rainbow held their regular meeting Monday night but the attendance was reduced by the many attending the concert at Waukegan. Refreshments were served by Betty Terry's committee.

The annual Major League sweep-er will be at 9 p. m. tomorrow. The standing with 90 games played:

## American Legion Club, Otto's Steak House Get Liquor Licenses

The American Legion was given a club liquor license and Otto's Steak House a license to serve beer and wine with meals by the village board last evening.

The two licenses were in addition to the general renewals and to the approval of a license for the Frank J. Kelly tavern on Rte. 173 which is now in the village boundary.

Class A, or tavern licenses were re-issued to Louie and Ed's tavern; R. G. Holtz, C. E. Gaffey, Ralph Thompson and Frank J. Kelly.

Morris and Ruth Pickus, 896 Main st., received a renewal of their package store license and the A & P store package license likewise was renewed.

The Reeves Drug store did not ask for a renewal of its package license and when an attempt was made to substitute the National Tea Co. store for it, discovery was made that the law had been changed to limit the village to two package stores, and no others can be given now because the limit has been reached.

The Antioch Recreation beer license was renewed.

The Kelly tavern now comes under the village law of closing which provided for midnight on weekdays except Saturday when the time limit is 1 a. m. The taverns may remain open on Sundays after May 1.

Next year Kelly may have difficulty in getting his local license because of his location outside the tavern zone established by the village.

## Get Vehicle Tags

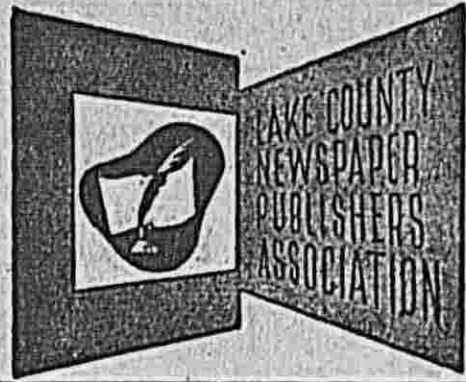

New village tags for Antioch car owners will be necessary starting next week. The old vehicle tags expire Saturday. The tags cost \$5.

## Strangulation By Law

No enterprise has had a more dramatic postwar record than oil. The demands upon it have been almost incredibly heavy. Yet, in the face of doleful predictions of oil shortages which never came true, it has met them all with a minimum of dislocations. This was done through an unstinted expenditure of money, energy and scientific and managerial genius.

However, if pending congressional legislation is approved, we may expect to see a virtual end to progress within the oil industry, coupled with a slow strangulation of the supply of petroleum products.

The legislation in question calls for "divorcement" of the oil industry. Under it, no company engaged in the producing, refining, or marketing of petroleum could own, be financially interested in or operate a common carrier pipe line, a barge or a tanker. And no company engaged in refining crude oil could market the resulting products except by selling them "at the refinery gate."

The effect of this wholesale dismemberment of the industry would be felt everywhere, by labor, by the consumer, by business. It would directly influence our national security—oil is a vital weapon of war, as well as a vital tool in time of peace. It would, in large part, cripple an economic machine whose efficiency and service cannot be questioned.

Oil is a highly competitive enterprise, made up of tens of thousands of producers, refiners, jobbers and marketers. Only the concern which pleases its customers can survive. That is the principle which keeps free enterprise alive, and oil is a fine example of it in action. Passage of the divorcement bills would be a catastrophe.

## High Standards

Reports from retailers in all parts of the country have one theme in common. Competition is getting tougher. Consumers are choosier, and are looking

around for the best deal for the money. The buyer's market is back, save in a very few lines. Promotional efforts designed to win consumer favor are showing a marked increase.

This is a perfectly logical development. The late buying spree was a temporary result of the war—for four years a bare minimum of consumer goods had been produced, and in some fields production had been stopped entirely. Now the shortages which were thus created have been made up. The time has passed when all a merchant had to do to get business was to unlock the front door. Today he must really sell his service.

Such challenges as this are what make for progress in retailing—there's nothing like tough competition to separate the wheat from the chaff in the business world. Years ago, when the chain systems were beginning to grow rapidly on a national scale, there was wide-spread fear that they would destroy other forms of merchandising. Just the opposite occurred. The chains pioneered low-cost, mass distribution—and the independent merchants adopted their ideas, added others of their own, and kept up with the swim. They sold more cheaply, they improved their services, and they did more business. Everyone benefited. Today chains and independents are friendly competitors in thousands of communities.

One of the big reasons why we enjoy so much abundance in this country is the high standards of modern retailing. They get higher all the time.

## The Low Down From Hickory Grove

Seems like there is something in the air, or the food, or the water there on the wide Potomac that makes men talk big but act vice versa. Nice guys, when we sent 'em there. They would clean house, they said. But when Uncle Harry sends in a sky-scraping budget, what do they do. They condemn it highly—they vote for it. Every day it happens. Kind of a joke on us voters, chimed in Henry. Quite, I say—except around March 15. That is the end of the joke.

But joking to the side, we thought we had seen everything. But look now. We have a dozen unheard of new kinds of welfare and uplift. With our 9 per cent of the world's people, we want to advise and uplift the other 91. Out political Big Smokes have no good word, ever, for our citizens who make the ice boxes, and build the gas pipe lines, and run the banks, and make the kilowatts, and bulge the nearby service station with the world's best and cheapest gasoline. These folks do much, or most, to make the U. S., up to now, the best place to live.

So I propose a new week. A week in which the citizens get together and give Business—little or big—a pat on the back and 3 cheers. And during the same week drop a friendly tip to your man there on that rollicksome Potomac.

Yours with the low-down,

JO SERRA

Grace Miller, 25-year-old ballet and tap dancer, will offer several terpsichorean numbers, and Mike Gasca, a Mexican juggler will top off his act by a weird dance done while he is balanced on his shoulders atop two crutches.

The Johnsons, a husband and wife team who traveled for seven years with the famous magician, Blackstone, will contribute a comedy magic act guaranteed not only to draw laughs but to mystify the audience.

The program, which will benefit various civic enterprises including juvenile welfare, will be emceed by Dick Vernon, who will also contribute comedy and song. He will do imitations of Al Jolson, Nelson Eddy and Jeannette Mac Donald. The latter two he will do at the same time, singing a duet with himself. Roberta Marxfield will provide piano accompaniments to all the acts.

Dick called attention to the success of last year's program and said:

"We had numerous requests for repeats, but this year we set out to do even a better job. We believe that our impressario, John Benson, has exceeded even our fondest expectations."

Dick is assisted in preparing the program by William Marks and Jere Hagen.

## Cause of Worry

Chronic worry actually is a state of mind which results when an inner sense of security is lacking. The turbulence caused by inner anxiety and bewilderment cannot be bottled up and seeks expression through the worry processes. The individual seeks to rationalize this insecure feeling by attributing it to some outside cause.

## Lamb Care

New-born lamb should be dried as soon as possible and get some warm milk. If the mother is short of milk, the milk can be obtained from another ewe or cow's milk given by bottle. During the first few days the ewe and lamb should be put in a small individual pen for them to get used to each other.

### Haven't Accepted Lease

Belief that a 20-year lease on the village property on Orchard St., for its proposed new building is not enough time, has caused the Rescue squad to hesitate to accept the lease and to consider the purchase of that lot from the city or some other centrally located lot.

To put up an expensive building that might be taken from them at the end of 20 years through the whim of a new board was considered folly by Rescue squad members.

## DAIRYMEN YOU CAN USE DDT!

The Federal Security Agency and the Department of Agriculture issued the following statement on April 5, 1949 after a meeting of the principal governmental agencies concerned with the utilization of DDT in the national and international health and economy.

"A number of statements have been published during the last several days which have misled and alarmed the public concerning the hazard of using DDT as an insecticide. . . . The Food and Drug Administration has not prohibited the use of DDT in spraying dairy cattle and barns . . . . There is no justification for public alarm as to the safety of the milk supply from the standpoint of DDT contamination"

## and you'll see Roadmaster!

LITERALLY or figuratively it still holds true.

That great and gracious carriage swinging past you, flashing its four gleaming Ventiports as it goes, what's that but a ROADMASTER?

And that car you've got your sights set on—the big, roomy, lively, sweet-riding thrill-maker you mean to own "some day"—what's that but this gorgeous travel-mate you see on the roads right now?

You can even go beyond that.

Look ahead—and you'll see that Buick has already met the growing trend toward more for your money.

On the liveliness of its time-proved valve-in-head power plant—on the unequalled smoothness of Dynaflo Drive—on the level-going luxury of its matchless ride, ROADMASTER doffs its bonnet to no one.

Yet look around, check the

prices (including what's in them!) and you'll find that this one costs less than you think, gives more than you expect.

As for delivery—just drop in and get the facts. With factory production increasing, you may well find it another reason for getting a firm order in right now.

THAT'S WHY D-X MOTOR OIL CONTAINS

# EXTRINOL

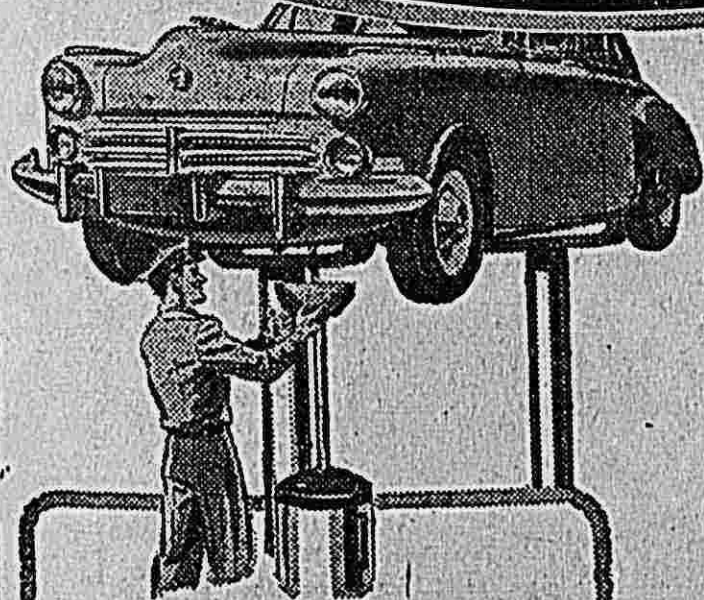

## Here is What EXTRINOL Does

Extrinol is the name of the complex chemicals which now are added to D-X Motor Oil. Extrinol makes D-X—long famous as a top quality, high heat-resisting, paraffin base motor oil—safer, tougher, longer lasting more economical to use.

Extrinol helps clean your motor and helps keep it clean, so it can deliver more power. Extrinol protects your bearings against rusting, pitting and wear. It fights oil-eating sludge. D-X Motor Oil, now with Extrinol, gives you better lubrication and extra protection—at no extra cost!

### Memorial Poppies Made by Disabled

Poppies by the thousands are coming from the skilled fingers of disabled war veterans at Downey hospital in preparation for Poppy Days, May 27 and 28, Mrs. John Horan, Jr., Antioch, announced today.

Mrs. Horan is directing arrangements for the observance of Poppy Day here, when the veteran-made poppies will be worn to honor the dead of both world wars and to aid the disabled and the children of veterans. Describing the poppy-making activities at Downey she said:

"It is very interesting to see the way a veteran makes a poppy, taking petals of crepe paper and a stem of wire and shaping them into a very attractive replica of the wild poppies which grew on the battle fields and around the graves in Europe during both wars. Many veterans become very skillful in the work and can produce the memorial flowers with amazing rapidity. They enjoy the work, and being gainfully employed helps give them a wholesome mental attitude which promotes recovery.

"Being handmade, each of the Auxiliary's poppies is slightly different, varying with the maker's skill. At one time the Auxiliary used silk poppies, but the crepe paper flowers were adopted because they provide more interesting work for the veterans and can be made at a minimum cost for materials. Millions already have been made for this year's sale in hospitals and workshops throughout the country and by the time Poppy Day arrives more than 25,000,000 will be ready to be worn in honor of the war dead.

"The men who make the flowers are the only persons paid for their work in the Auxiliary's poppy program. The women who distribute the poppies on the streets are all unpaid volunteers who give their services to help carry out the purpose of Poppy Day—to honor the dead and aid the disabled."
